Start of Term 2

May 2nd

Year 6/7 Aquatics

From Ms Keddie...

I can't believe we have come to the end of Term 1 already! What an action packed term it has been. Our students have experienced a wide variety of learning experiences. Some highlights are:

- * Whole school performances re Wellbeing and anti Bullying strategies
- * Local community walks and visits
- * Excursion to the State Library and Glenelg via public transport
- * Reception – Year 5 Swimming
- * Visits from Port Power Players
- * Regular visits from Lab n Life
- * Next term, we've organised for 3 classes to visit the Adelaide Zoo.

STEM FACILITY

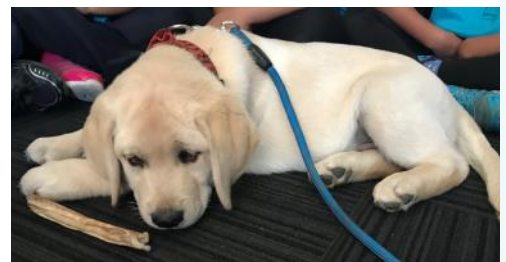

Our two new flexible learning spaces are now complete. We just need to wait for the official sign off before we can move in. This should be very early next term. We appreciate your patience during the disruption phase – we will host an official opening for all families to come and see our new facilities as soon as we are able.

PARENT ACCESS

Now we have access to the main yard again, we ask parents to bring children to the main court area before school and not to wait adjacent to the JP classes. There is no teacher supervision in these areas and there are potential safety risks to children. The gates to the Northern end of the JP unit will be CLOSED before and after school each day. They will open when the 8:40 bell goes each morning. Parents – please support your children do stay in designated areas before school.

MEET LESTER

We are very pleased to introduce our newest 'student', Lester, the Golden Labrador. Lester will be with us every day for the rest of this year. We will be helping to train him to be an assistance dog so he can support a child living with either Autism or Diabetes. Our students will learn how to train and care for a dog. He is definitely the MOST popular member of our school community!

We wish each one of you a fantastic and safe holiday and look forward to seeing you all back again next term.

Swimming Week

During Week 8 students attended swimming lessons at Payneham Swimming Centre. Students learnt basic swim strokes, floats and rescues, as well as how to act safely in and around water. Being able to swim is an essential life-saving skill, which is why Hampstead Primary School recognises the importance of attending swimming and water safety lessons. Our aim is to build the confidence and skills of all our students in the water.

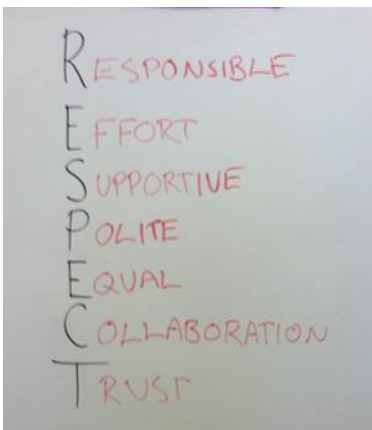

When we swim we help improve our strength and flexibility. We can keep our hearts and lungs healthy and increase our stamina. Swimming not only has so many wonderful benefits for our bodies, but also for our minds. Our students had a lot of fun in the water! Swimming provides challenges, but it also rewards accomplishments. This helps our students become self-confident and believe in their own abilities.

Port Power Visits

Some of our Hampstead students were lucky enough to be visited by football players from Port Power Football Club. They guided students through some team building games aimed to help develop their coordination and cooperation skills.

Students had a great time meeting these professional athletes. Thank you to the Port Power players for coming and sharing their knowledge and experiences with our students. The visits were received positively by everyone, yes, even by those who support the Adelaide Crows!

RESPECT

CARE

PERSONAL GROWTH

Room 12 Term 1 2018 - IELC years 1, 2

WALKING AROUND THE LOCAL AREA.

We walked to Greenacres Reserve with our buddies in Room 6. We ate a picnic lunch and played in the lovely playground there.

Then we walked around a few blocks to see the different styles of houses, units and apartments. Some were old, some were new and some were just starting to be built.

PROBLEM SOLVING: First we had to build a bridge using items in the room. Then we had to see how many teddies we could fit on it.

EASTER FUN: We had fun making Easter baskets, biscuits and bunny ears. Easter Bunny and her friend Bilby visited and left us some yummy chocolate eggs.

SCIENCE- LIVING THINGS: This term we planted broad bean seeds in clear cups lined with paper towel. We watered them every day watched the roots and the shoots growing. We measured the growth of the bean stalks each week, made a graph in our Science books and planted some in the garden.

FOOD ART: We made pictures from pieces of fruit and then we ate them.

A delicious Art activity!!

SWIMMING: In week 8 we had swimming lessons at the Payneham Swimming Centre. We love swimming because it is so much fun.

BUDDY CLASS: Every Tuesday we work with our buddies in Room 6. We are learning about houses and have been making our own models of houses.

NOTICE BOARD

For quicker, hassle-free school payments, try Qkr! today

Introducing Qkr! (pronounced 'quicker') by Mastercard, the secure and easy way to order and pay for school items from your phone at a time and place that suits you.

With Qkr you can:

- Pay for a variety of school items;
- See your receipts on the app and get them sent by email if required.

Add your children's details in Student Profiles

Getting started is easy - try it yourself today

Step 1 Download Qkr!

on your Android phone or iPhone. iPad users can download iPhone app

Step 2 Register

Select your Country of Residence as 'Australia' and follow the steps to register

Step 3 Find our school

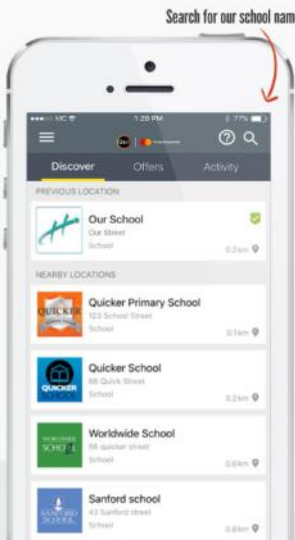

Our school will appear in 'Nearby Locations' if you're within 10kms of the school, or search for our school by name.

Step 4 Register your children

When first accessing our school you will be prompted to add a student profile for your child. This allows you to make orders and payments for them.

If you have made a purchase you can select our school from 'Previous Location'

If you're within 10 kms of the school, you can select our school from 'Nearby Locations'

Purchase school items

Making payments

Add up to 5 cards to your wallet

At checkout select which card to pay with.

Pay with any cards accepted by the school.

Once your payment is approved you can continue to the home page, or view your receipt.
