MID YEAR REPORTS

Student learning progress reports will be sent home in the last week of this term. Please take the time to discuss these with your child/ren and take the opportunity to make a time to meet with your child/ren's class teacher early in Term 3.

We know that children learn much more successfully when the school and families work together.

DAILY PROGRAM CHANGE

As from Term 3 we will be making some changes to our daily program. Our **DEAR** (Drop Everything and Read) program will be later in the day. **Lesson 1 will begin promptly at 8:45am.** Students will need to be in their classrooms by 8:40am so they are ready to learn.

The effect of being "just a bit late" every day...

If a student arrives at 9:00am they are 15 minutes late for learning.

If they are late regularly the impact on loss of valuable learning time is significant and does affect their success as learners.

- After **1 week** they have lost 75 minutes or **1 hour 15 minutes** of learning
- After **a term** they have lost 750 minutes or **12 ½ hours** of learning
- After **a year** they have lost 3,000.00 minutes or **50 hours** of learning.

All students should be at school ready to learn by 8:45.

HOLIDAYS

We wish all our families a happy and safe holiday and look forward to seeing you all back again for a great Term 3.

There will be a small amount of produce for sale after Friday assembly (5th of July).

Friendship Week

This week at Hampstead Primary, we've been celebrating Friendship Week. The Student Wellbeing Team organised and ran lunchtime activities open to the whole school. Friendship bracelets, yoga, dancing, games and to finish off the week, movies and popcorn. We've had great participation and positivity surrounding these activities. Thank you to our hard working students for leading these sessions with such confidence and maturity.

Bunnings Visit

Last week, Room 13 spent the morning at Bunnings Windsor Gardens making a scarecrow to enter in the Royal Adelaide Show Scarecrow Competition. Thank you to Eleni at Bunnings for providing all the materials and thank you to our parent volunteers. Don't forget to pop on over and say hello to our Hampstead scarecrow if you visit the Royal Adelaide Show this September.

PERSONAL GROWTH

Room 16

This term, Rm 16 have become keen explorers. Just like real adventurers, we have been learning to read and interpret maps to find our way. Using a map of the school to guide us, we went on a giant treasure hunt. It was a good opportunity for us to practise our communication skills and to practise guiding and leading one another.

We have also been enjoying learning about Australian Animals this term. We had fun being creative while crafting a koala and an echidna.

We have been exploring in maths too. We were trying to find how many ways we could make 5 (subitising) and we found lots!

We even became pattern explorers on a walk around the school. Here are some of the patterns we found in our school environment. Once we started looking for patterns we began to see them everywhere! What ones can you find in your home and local environment?
