Celebrating Diversity
Assembly & Classroom Visit

From Ms Keddie...

PUPIL FREE DAY - Friday June 8.

Staff will all be at school preparing our new spaces funded by the STEM program. Our new look spaces will be available for student use very soon! In Week 10 this term we will be opening these spaces for families to come and look at.

CELEBRATING DIVERSITY

One of the best things about our school is the diversity of our cultures represented in the student population. Classes will be learning about a variety of cultures this term – culminating in an assembly on Friday, Week 10. Families will be invited to visit classrooms to see the learning that students have been participating in as well as taste food from various countries around the world. Students will be dressing in clothes to represent their cultural background.

We would love to see families join us.

Student—Caregiver—Teacher Learning Discussions

Three way conferences will be held this term in **Week 9, 25th – 29th June** for all mainstream students. This will be an opportunity for you to collect and discuss your child's mid year report with their class teacher and specialist teachers. Information about how to book a meeting time on line will be sent home with your child early next week.

Thank you, Sarah Crosby

Monarto Zoo Trip

On Sunday 20th May 20 of our students and 2 teachers were lucky enough to be taken to The Monarto Zoo by The Prospect Kiwanis in their bus. We saw many animals including lions, giraffes, cheetahs, rhinoceros, deer, horses, meerkats, chimpanzees, hunting dogs, Tasmanian devils, emus, kangaroos and more.

The Kiwanis looked after us so well. We had delicious morning tea, lunch and afternoon tea. We even had some fun games to play. Everyone had a great day.

We would like to thank The Kiwanis for their kindness and generosity. It was much appreciated by the families and staff at Hampstead Primary school.

Anne Nyland and Yiota Chronis

A Letter from Lester

Hi Everyone!

This growing up business sure is tough! Every day I come to school I learn something new. Last week I learnt that sometimes eating anything and everything I find on the ground can make me feel sick. Make sure you put away your lunch boxes and place all your rubbish in the bin— you bet I'll find it if you don't!

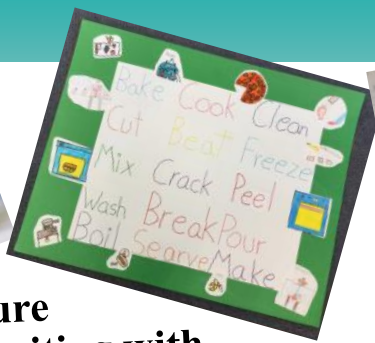

I found out some exciting news about my siblings and I. We're all named after famous authors! I woof that so much! I am named after an author named Alison Lester, while my sister is called Mem and my brother, Dr. Seuss. I'd love to read a book by Alison Lester, but having paws makes it hard to turn the pages. Hopefully one of the kind, helpful Hampstead humans can read her books to me instead.

Sending you all lots of wags and licks, Lester

Nationally Consistent Collection of Data on School Students with Disability (NCCD)

All schools are required to collect information about the numbers of students that they provide adjustments to under the Disability Discrimination Act (1992) and Disability Standards of Education (2005). From 2018, this data will be used as the basis for national funding.

The NCCD involves the collection of;

- * the number of students receiving adjustments to enable them to participate in education on the same basis as other students
- * the level of adjustment provided to students
- * student's type of disability if known

Under the model the definition of disability is broad and includes learning difficulties, health and mental health conditions. If your child is identified for inclusion in the Collection, the required information will be included in this year's data collection.

If you have any questions about the data collection, please contact our deputy principal, Sarah Crosby on 8261 2248. Further information can be found at: www.education.gov.au/nationally-consistent-collection-data-school-students-disability
