NAPLaN

Students in years 3, 5 and 7 who took the NAPLaN test earlier this year will be bringing their results home on Friday this week. These assessment tests are one way teachers obtain an understanding of students' knowledge and abilities. There are several other assessments that teachers administer throughout the year. The progress of every student at Hampstead Primary School is regularly tracked and monitored closely. Each term teachers meet to review the learning progress of their students and identify students who would benefit from additional support or extension in reading, writing and maths. Our highly trained learning support team work closely with class teachers to provide focused individual or small group learning opportunities.

If you have any questions or concerns about your child's NAPLaN results please organise a time to meet with the relevant teacher.

RETURNING TO HAMPSTEAD

It's the time of year when we begin planning for classes and staffing for 2019. If you know of anyone who is planning to enrol for Reception for 2019 – please ask them to contact the school ASAP.

Notes will be sent home early Term 4 for you to complete re your plans for 2019.

CONGRATULATIONS Magarètte Bates

Our Lady of the Sacred Heart College congratulates Magarètte Bates, former student of Hampstead Primary School on being appointed College Vice Captain in 2019.

Open Morning

A BIG thank you to all families who came along to our Open Morning last week. It was a fantastic opportunity to showcase the high quality programs we have here at Hampstead. The learning spaces were buzzing with positivity as teachers, parents and students worked closely alongside one another.

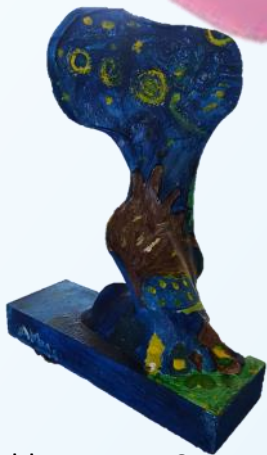

Visual Art

If you went to the Royal Adelaide Show you may have seen this piece of art. Jade from Room 7 entered it into the show and won a Merit Selection Award and received a medal for her art piece. A huge congratulations to you Jade.

Room 1 created hot air balloons using paper mache. We blew up a balloon and used newspaper and PVA glue to layer it over the balloon to create the shape. We then painted it and added string and a basket to make it look like a hot air balloon.

Abbas, Room 6

In Room 5 and 6 we have been looking at abstract sculptures and have created some of our own. We used a piece of wood, wire and a knee high stocking to create the sculpture. Painted it with 2 layers of glue to make the stocking hard. Next we had to research an artist and use their subject matter or style to paint our own. Here is some examples of their sculptures.

Learn CPR for Babies and Children

Be empowered and educated

Be part of the Parentmedic Movement and learn about children's health, first aid and safety. The free, hour-long session aims to help you feel more confident and prepared in handling common childhood health issues and knowing what to do in an emergency.

Training will be provided by Parentmedic Ambassadors who've completed specialised education in children's health and are up to date with current recommendations and first aid procedures.

You will learn:

- Safe eating and first aid for choking
- Fevers and temperature management
- Allergies and anaphylaxis
- Baby and child CPR
- Head injuries
