From Ms Keddie...

SCIENCE

Our school is celebrating Science Week from 16th – 20th September. There will be a whole school science learning experience at school on Monday Sept 16th and the senior students will be hosting a Science Fair on Friday 20th.

Our students have been having specialist Science learning during the year with Mr. M and have had many and varied learning experiences across the Science Curriculum. Parents and friends will have an opportunity to see some of this learning during our Open Morning.

OPEN MORNING – CHANGE OF DATE

Please note we have had to move our Open Morning to Tuesday 24th September – week 10 this term. This is an opportunity for families to see our school in action and visit all of our learning spaces. Please come along and see all the great things that happen here at Hampstead PS. More information to follow.

SPORTS DAY

This will be Thursday Sept 26th. Please come along dressed in the colours of you favourite team and support our students to have a wonderful day. Notes will be coming home shortly.

Lost Property

Just a reminder to all families to please make sure that any clothing, lunchboxes, bags etc. that come to school are labelled with your child's name.

Our lost property box in the Front Office is currently overflowing— we have had quite a few jackets handed in. Please visit Anne in the Front Office if you think any of the lost property items may belong to you.

Book Week

What an incredible Book Week we've had! In class our students had the opportunity to read the shortlisted books and engage in learning activities inspired by them. On Thursday we had a dress up day and the whole school became a real-life story book with a wonderful collection of characters parading around. The special Book Week assembly run by our students showed off the high level of creativity, confidence and organisational skills many of our students possess. A big well done to everyone who took part in the Bookmark Design contest and congratulations to our three winners, Param, Savanah and Liasha.

A heartfelt thank you to our families, teachers and students for making such a stellar effort contributing to our 2019 Book Week celebrations.

"Say Cheese"

MSP Photography are on their way!!!

School Photo Day is: Thursday, 19th September

Have your child's school memories captured forever.

Please take time to read the relevant information on the MSP payment envelopes & remember these helpful points:

- Don't seal envelopes inside each other - You can pay for all children in one envelope however each child needs to have their own envelope on photo day.
- Use the shootkey on your envelope to order online!
- Family envelopes are available at the school office upon request
- Please enclose correct money as no change is given - cash, cheques and money orders only. Credit card payments can only be made online

Please feel free to visit our web site www.msp.com.au
For photo enquiries Phone: (08) 8132 1148 or Email: enquiries.adl@msp.com.au

YEAR 7 TO HIGH SCHOOL

Parent Update Week 5, Term 3 - 2019

Year 7 will be taught in high school from term 1, 2022.

This means from 2022, year 6 will be the last year of primary school and year 7 will be the first year of high school.

This is a big change for our public education system. We'll be providing regular updates about the move and what it means for your child.

Why we're moving year 7

Year 7 is already part of high school across the country, so we're bringing South Australia in line with the rest of Australia, and with other education systems in our state.

The planning process

We'll be ready for the move in 2022. We've done our homework to make sure there's enough space at high schools. We're investing \$185m in our schools to manage increasing enrolments, which includes providing general and specialist learning areas.

Benefits for your child

Your child's learning is our priority and we want to make sure they get the best learning opportunities from their new high school environment.

The Australian Curriculum for year 7 was designed to be taught in high school, and your child will benefit from specialist teachers in specialist high school facilities.

We can see in many of our R – 12 schools, and from the interest in our pilot schools, that year 7s are ready and keen for high school.

Where to find out more

Stay informed through your school and the Department for Education's website: www.education.sa.gov.au.

Or share your feedback with the project team by emailing: Year7toHS@sa.gov.au.
