From Ms Keddie...

OPEN MORNING

A special invitation this year to all grandparents and special family friends to come along to our open morning on September 19th and see all the great things that are happening at Hampstead Primary School.

Classes will be open from 9:00am till 10:15am.

There will be a morning tea for visitors in the Stephanie Alexander garden.

Guided tours of the school will begin at 9:15am. Please report to the front office if you would like to be taken on a tour. Pre-loved library books will be available to purchase at a cost of 50c each during the open morning. We would love to see you then.

SPORTS DAY

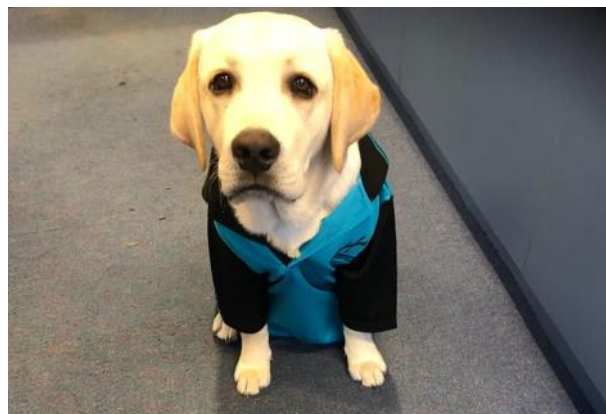

Due to circumstances beyond our control – our Sports Day will now be held early in Term 4.

SCHOOL PHOTOS

School photo day is fast approaching—Thursday, September 20th.

Lester is ready for school photo day—proudly wearing his Hampstead colours. Reminder to all our families that all students should be wearing school uniform every day.

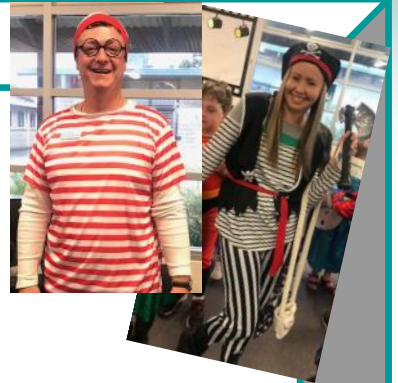

Book Week 2018

Book Week is a national event that consists of a shortlisted writing competition and where schools across Australia celebrate reading and Australian authors.

To celebrate Book Week at Hampstead, students were asked to dress up as their favourite book characters. To show off their costumes, everyone walked down the catwalk at the school assembly.

Everyone made an outstanding effort and looked fantastic!

Luke - Room 5

“Shake It” For a Farmer!

Last week, the SWAT Team Leaders, with the help of the Deputy Principal, Ms. Sarah, held a milkshake and ice-cream store to raise money for farmers affected by the drought. Over two days, these delicious products were sold to all students during lunch time for only a few dollars each. The store was a huge success, with the dairy products helping raise \$359 in total.

The students feel proud to be able to actively contribute to the Australian community, especially in times like this.

Aya—Room 5

Sala Parlour

Students in Room 1 visited the Sala Parlour, a pop-up public art venue during August’s SALA festival. Our students created striking pieces of art, which along with their exceptional conduct, left a fantastic impression upon the program officer, Cassie Thring. Here’s some feedback we received from Cassie...

Thankyou so much for spending time with us, Arlon Hall and I loved creating with your amazing students. It was wonderful to meet you and the great bunch of well mannered interested young people you had with you. Arlon and I were so touched by your visit and positive energy, it is inspiring for us! Enjoy your day, and please pass on to your students how impressed we were by their positivity and openness to participate.

What a great impression we are leaving on our community. Well done Room 1!

Newsletter - Room 3

This term we have been learning the rules to understand the relationship between numerals and their value. We can now read, make and record large numerals. For example:

5 972 000 000 000 000 000

(Five sextillion, nine hundred and seventy-two quintillion is Earth's mass)

"Learning the rules of place value became easy when I got used to it". – Savannah

"I learnt to rename and replace when I played the renaming games". – Kyle

"I became really fluent at saying all the period houses". – Sasha

"We made lots of mistakes when we started making a movie with the LEGO pieces, but we successfully made a video where the LEGO pieces moved into the word 'movie'". – Savannah

In Design and Technology we have been learning about 'stop-animation' which is a filming technique in which objects (such as clay models or LEGO bricks) are photographed in a series of slightly different positions so that the objects seem to move. Room 3 students have been engaging their creative muscles in a whole new way as they've been building their writing and storytelling skills; designing sets, characters and props; and have explored the craft of movie-making.

"It was really hard to shape the clay characters, but we're been learning how to make them so they can stand up and move". – Kyle

"It's fun when you create the movie and the longer you want the movie to be, the more photos you have to make". – Nicole

"It was really hard taking photos, we had to make sure the camera didn't move from its position". – Sasha

"We learnt to make the clay characters. You have to start from the torso and pinch out the limbs". – Tyrell

"In movie maker you can add titles, credits, transitions, sound and visual effects". – Alex

Receive the Newsletter via email

Does the newsletter get lost, dirty or misplaced? To ensure you receive the newsletter every fortnight please email the school at:

dl.0689.info@schools.sa.edu.au

with your email address and it will be emailed to you.

Our school has its own **Skoolbag App** to help us communicate more effectively with our Parent community. All school notices will be uploaded to the app.

iPhone users can install it by searching for our school name "Hampstead Primary School" in the App Store.

Android users can install the app by going to the Play store and searching for Hampstead Primary School.

Summer Soccer Academy

SA Football Academy is holding clinics for boys and girls aged between the ages of 9 to 13 to be held at the Hampstead Primary School in term 4 2018. Qualified FFA accredited coaches run clinics, with vast experience in both playing and coaching clubs, schools and State teams. The clinics are designed for player engagement and development over the non-soccer season. The Academy focuses on fun, fitness and fair play as well as bringing out the best in players potential.

Clinics start on Monday term 4, every Monday for 8 weeks

Bookings are essential online at www.safotballacademy.com.au or contacting Tony on 0413819854

Fun.... Exciting.... Challenging
