

Room 14 Term 2 Overview

Mathematics

Measurement

Measuring, ordering and comparing shapes and objects in our every day lives using uniform informal units. (Year 2: incl. length, area, volume, capacity).

Time durations, months and seasons.

Processes of Counting

Name, understand and develop confidence in number sequences incl. by 1's, 2's, 3's, 5's and 10's.

English

Writing

This term we will look at *Narrative texts* and how they are structured. With this, students will also have the opportunity to write in authentic contexts that are meaningful to them through book making.

Phonics & Phonological Awareness

Students are divided between Room 13 and 14 to learn about the relationship between letters and sounds and develop their phonemic awareness.

Guided Reading

Small group work with teacher to develop concepts of print and learn new reading strategies.

Science

Biological Science

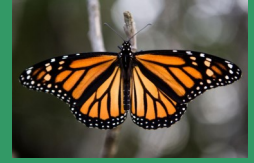

We will explore and investigate how animals and plants rely on their environment to survive. Students will be introduced to the concept that all living things have basic requirements that need to be met.

Child Protection Curriculum

Friends with Emmy

Mrs Nicole from 'Act for Kids' teaches us all about protective strategies, being safe and early warning signs.

Following our Monarch Butterfly Journey

Play for Learning

Learning outdoors in our JP area

- Through play in a secure and safe environment, children have the opportunity to:
- explore and make sense of the world in which they live and learn
 - build on ideas, concepts and skills
 - develop social skills such as getting along, working with others, cooperation, being fair
 - develop friendships
 - take risks and make mistakes
 - think critically, creatively and imaginatively
 - communicate with others and solve problems
 - be engaged, be kids and have fun

HASS

Continuity and Change

This term we will explore our curiosities and wonderments about the Corona Virus and look at what things have changed and what things have stayed the same during this pandemic.

The Arts

Media Arts: Stop Motion

This term with Mrs Robertson we are using our knowledge of narratives to create our own stop motion movies using ipads.

Health & Physical Education

Persistence

Using a growth mindset to be persistent in our learning and every day life.

P.E.

Team building games with a focus on developing fair playing behaviours, self confidence, encouragement of others, safety and the importance of physical exercise.
