Book Study: You and Me
Murrawee

Genre Writing: Description &
recount

Writing: Grammar, punctuation and editing
our own writing

Guided Reading: Focus on comprehension
using reciprocal reading strategies

HEALTH & PE

In P.E, we will be practising and refining fundamental movement skills through basketball and netball. We will be exploring the importance for rules, scoring systems and fair play.

In health, we will be exploring the significance of relationships, strategies to create positive relationships and social awareness.

SCIENCE

This term the students will be learning about Biological Science. They will have the opportunity to investigate and examine how to classify things as living or non-living and begin to recognise that classifications define our Science world.

HASS

We will be exploring importance of culture and place to the Ngarrindjerri people and their sustainable ways of living around the River Murray.

Year 3: How do people contribute to their communities, past and present?

Year 4: What were the short- and long-term effects of European settlement on the local environment and Indigenous land and water management practices?

ARTS

In Drama this term the focus is on students working collaboratively in groups to create scenes and dramas from picture storybooks, demonstrating the elements of drama.
