

Term 4 Overview

Big Ideas

Our outdoor JP area

This term we will be using our JP area as a tool to drive our learning in Mathematics and Literacy. Together with Room 13 we will be designing a new outdoor space... The idea of this space is that it will be a place which is not only exciting and engaging, but one that provokes and encourages learning.

Reminders

Start time: The school bell goes at 8:40, students are expected to be in classes and ready to learn by 8:45.

Home Learning: Although the requirements for home learning are minimal, it is extremely important that students practice their reading and sight words every night. It is students responsibility to ensure their reader folder is brought to school every day so books can be changed over.

Healthy Snack: Each day we allocate 10 minutes to have a break from our learning and eat our healthy snack. Please ensure your child has something healthy to eat i.e. piece of fruit.

Library: Library borrowing day is Thursday. Students will need to return previous books borrowed before borrowing new books.

Mathematics

Processes of Counting
Number Sense

JP Area Project
Data Collection

Mapping- Location & Transformation, Designing, Counting, Money, Time, Measurement, Shape

Science

Physical Science

Exploring things that effect movement such as size, shape and the texture of surfaces.

Child Protection

Perseverance

Protective Strategies

Remembering personal details

Reporting abuse

Problem solving scenarios

The Arts

Music & Dance

Preparing for our end of year celebration.

Health & Physical Education

Designing their own P.E Games

Looking at what makes a good game..
What rules need to be made in order to stay safe and be fair.

Design and evaluate the effectiveness of their games.

Teach peers how to play their games.

Literacy

Writing

Information Reports

Letters & Book Making

Phonics & Grammar

Reading

Read to Self (DEAR)

Partner Reading

Whole Class Reading

Guided Reading

Other

Vocabulary, Oral Language
